

Article 9. Admissions

1. Admissions Targets

a) Annually, based on assurance quality conditions, social demands, and the employability of graduates, training units shall develop admissions targets for each academic program and training format for the subsequent academic year. These targets must be reported to and submitted for approval to the President of Vietnam National University, Hanoi (VNU), no later than December 31.

b) The President of Vietnam National University, Hanoi, shall decide on the allocation of admissions targets for training units by March 1 each year and submit a report to the Ministry of Education and Training. Training units may organize admissions and commence training only after the allocation decision is issued.

2. Admissions Organization

Each year, based on the regulations of the Ministry of Education and Training, the President of Vietnam National University, Hanoi, shall issue guidelines for implementing admissions procedures in VNU
